## AFFINITY 990 HYBRID PERFORMANCE SLP

*Ergoline*

## JUST SMART!

Smart Light Performance (SLP) is the latest facial tanning technology developed by Ergoline. The combination of intensely tanning UV light and Beauty Light in one high pressure unit is a world first. Despite reduced UVA, the high power light, glass reflector with 120 layers of special coating and newly designed filter disk combine to produce a deep and long-lasting tan that is immediately visible. The red Beauty Light elements encourage blood circulation; optimizing the tanning result – without the need for stronger UV doses. At the same time, the Beauty Light looks after the skin during the tanning session and works on delivering a lovely, fresh complexion. The three additional smartsun spaghetti lamps enhance the spectrum with a combination of UVB and Beauty Light. Just a few hours after the tanning session, a lovely, natural and long-lasting tan develops.

Übersetzung für die beiden roten Absätze: The Hybrid Performance technology also provides an intense and natural tan for the body area. In a 2:1 ratio, 36 smartsun PLUS lamps and 14 Trend UV-lamps guarantee particularly attractive and long-lasting tanning results. Dynamic Performance always guarantees 100% performance thanks to a dimmable, electronically-controlled ballasts and a long lamp lifetime of 1,000 hours.

The high-gloss Brilliant White paint and two-coloured LED Light Show also ensure the new Affinity 990 Hybrid Performance is a visual highlight in the studio. Comfort is ensured by the large Body Shape base, Air Condition PLUS, Comfort Cooling PLUS, optional Aqua Fresh & Aroma and optional 3D sound.

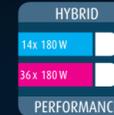

**SMART LIGHT PERFORMANCE**  
Smart Light Performance (SLP) is the latest facial tanning technology developed by Ergoline. The combination of intensely tanning UV light and Beauty Light in one high pressure unit is a world first.

**208 x 90 CM**  
**BODY SHAPE**  
Our Body Shape base acrylic on all Affinity models lets you relax in comfort whether you are lying on your back or your front.

**SMARTSUN 7x25W**  
**SHOULDER TAN**  
A beautiful tan and skin care. The smartsun Shoulder Tan offers an intensive and natural all-over tan.

**HYBRID PERFORMANCE**  
14x 180 W  
36x 180 W  
The Hybrid Technology from Ergoline combines sunlight and red Beauty Light for a particularly gentle and natural tanning plus skin care experience.

**COMFORT COOLING +**  
Comfort Cooling Plus coats body and face with a pleasant cooling air flow. The ventilation for face and body automatically ensures the right climate.

**3D SOUND**  
The 3D Sound System provides a sensational sound experience. The system consists of two loudspeakers, a subwoofer, SD card slot and MP3 dock.

**LED LIGHT SHOW**  
Top-quality high performance LEDs ensure an impressive brightness with over 200 colour and light effects. Up to 80% energy saving and a life of over 30,000 hours.

**AIR CONDITION +**  
The Air Condition PLUS cools the base acrylic as well as the tanning tunnel and promises an overall refreshing feeling during the tanning session.

**MP3 AUX**  
With this function your customer can connect their MP3 player or smartphone using an integrated audio cable and enjoy their own music during the tanning session.

**INTERIOR LIGHT**  
Thanks to the LED Interior Light new features are emphasised in the interior too. The brightly lit tanning tunnel looks particularly clean and inviting your customers to have a tanning session.

**AQUA FRESH**  
Pleasant refreshment while tanning is ensured by the Aqua Fresh function that sprays essences into the tanning room in a fine mist and can be adjusted separately for the body and face.

**VOICE GUIDE**  
The Voice Guide explains every user function for the sunbed with a friendly voice to guide the user with confidence.

**SMART CONTROL**  
The easy-care glass Smart Control panel with its large display makes it quicker and easier to operate the sunbed than ever before.

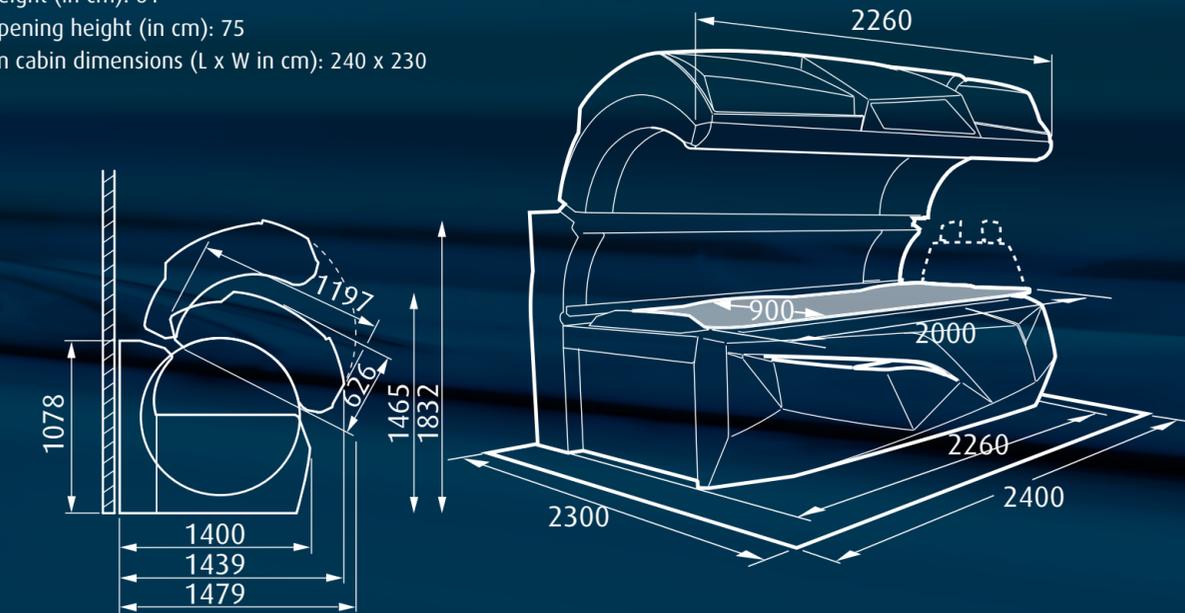

**AROMA**  
The Aroma programme treats the user with a subtle fragrance so your customers can enjoy their tanning session using all their senses.
