HIGHLIGHTS

INSPIRATION 500 SMART PERFORMANCE

STANDARD EQUIPMENT

Less energy is required due to highly efficient electronic ballasts. Full UV power for the customers, big energy savings for the studio.

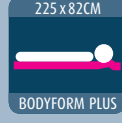

The Ultra Performance Plus technology with glass reflectors incl. UV-B spaghetti lamps and special filters stands for new efficiency in the facial tanning area.

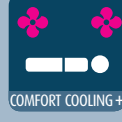

High quality performance LED's guarantee an impressive colour brilliance with more than 200 colours and light effects. Up to 80% energy saving and an operating life of more than 30.000 hours.

The new LED interior light emphasizes the features in the tanning tunnel. The brightly illuminated tanning tunnel appears particularly hygienic and invites your customers to tan.

Our ergonomically designed base acrylic Bodyform Plus will give you comfort second to none during your tanning session.

Comfort Cooling Plus coats body and face with a pleasant cooling air flow. The ventilation for face and body automatically ensures the right climate.

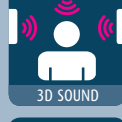

The new Air Condition Plus cools the base and promises an overall refreshing feeling during the tanning session.

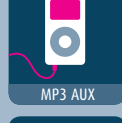

The Aqua Fresh ensures a pleasant refreshment during the tanning session spraying a mist of essences into the tanning tunnel.

The aroma function provides a discreet scent in the tanning tunnel and cabin. So that you can enjoy the tanning session with all senses.

The 3D-Sound System will bathe you in a sumptuous sea of sound as you tan. The system consists of two speakers and an SD card slot and MP3 dock-in.

With this function you can connect a MP3 Player or a smart phone to enjoy your own music during the session. The Auto Play function will recognize the connection automatically.

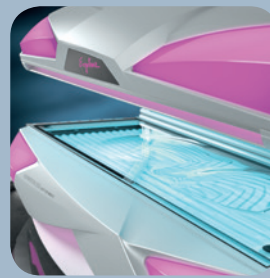

Voice Guide walks you through every step in a pleasant, friendly voice as you control the sunbed.
